Jennifer Burke
Erica Gamertsfelder
Greg Grambush
Laura Guili
Tami McKelvey
Carrie Mineweaser
Ellen Pill
Shannon Walsh
Amy Welty

Board Members Emeritus

Deborah and Ray Miller

GPAC Expands Its Board

GivePetsAChance has been growing, and that's a very good thing. But, with our growth, came the realization that the organization needed an expanded board to meet its many and diverse needs. Therefore, in April of this year, we welcomed new members to our board of directors. The board is comprised of people with a broad spectrum of backgrounds and talents. Our board members have experience in veterinary medicine, finance, industry, business, education, journalism, film/photography, entertainment, and marketing. The one thing all of these people have in common is their love of animals and a desire to fulfill GPAC's mission. We are so happy to welcome all of the new members to the Board of Directors.

Summertime and the Living is Busy

Our summer began with its normal crazy busy month of June. GPAC, again, hosted Bike Night at the Olde Jaol Restaurant in Wooster and the Foot Golf Scramble at the L. C. Boles Foot Golf course on The College of Wooster campus. Both events were well attended, and a good time was had by all. We are looking forward to another busy June, and are already planning for next year's events.

On the first Sunday of August, board members, Carrie Mineweaser and Shannon Walsh, will be representing GPAC at the 12th Annual Pet Carnival on the North Royalton City Green. From 1 - 4pm, there will be games, events, and displays providing fun for pets and their families. Each year GPAC receives proceeds from this popular event. Thank you, North Royalton Animal Hospital for providing this fun time and supporting GPAC!

Give "Vets" A Chance

GivePetsAChance is happy to introduce a new column in our newsletter. Give Vets A Chance articles will be filled with tips for pets and their humans. We will be including advice from veterinarians of our partner clinics. Watch here for helpful and timely advice.

Vet Tip - Flea and tick season is in full swing, and you might not even know there's a problem until it is past the point of comfort for your pet. Common signs of external parasites can range from mild skin inflammation to severe itching and infections. If you suspect your pet may have fleas or ticks, please consult a veterinarian. There are many preventatives that can control and treat external parasites. Your vet can recommend the best products for your pet. Don't forget to ask about manufacturer rebates or coupons that may be available!

For more flea and tick information, please visit <https://www.avma.org/public/PetCare/Pages/externalparasites.aspx>

We Do "Stand Up"

Please consider GivePetsAChance whenever your organization, club, or business is looking for presenters. We have a great road show that includes plenty of adorable animals, and we would be happy to provide it at your event or meeting. Please contact us at 330-201-1757 to schedule a presentation.

GPAC has helped over 2000 animals!!!!
