

How We Work - Step-by-Step

***The client calls us and we approve the client for assistance. Often clients are referred by vet offices.

***We call the vet's office and give them the pertinent client information and the amount that GPAC can pay toward the bill.

***We let the client know that we have spoken to the vet's office and the client can call to make an appointment.

***At the appointment, the receptionist has the client fill out a GPAC application and makes a copy of the income verification the client provides.

***After the appointment, the receptionist calls us at 330-201-1757 for immediate payment. The office then mails the application, the income verification, and a receipt to us at GivePetsAChance P. O. Box 732 Wooster, Ohio 44691.

The client has been informed during the initial phone contact that:

***Any charges larger than the approved assistance is their responsibility.

***Approved funding must be used within thirty (30) days from the date of approval. Funding not used within thirty (30) days will no longer be honored by GivePetsAChance.

*****Vet's offices** - Please note the date of our original contact about a client. We start our thirty (30) day count at that time. Any client who comes in after the thirty (30) days will no longer have GPAC funding and your office must decide how to move forward with the client. Occasionally, there are special circumstances allowing a longer period of time for payment. GPAC will contact the vet's office in such cases. If you ever have any questions, please call 330-201-1757.
